Background and Legislation

Background

Under the National Law and Regulations, early childhood services are required to obtain written authorisation from parents/guardians, and/or authorised nominees (refer to Definitions) in some

circumstances, to ensure that the health, safety, wellbeing and best interests of the child are met. These circumstances include but are not limited to:

- self-administration of medication (if applicable) (Regulation 96)
- children leaving the service premises (Regulation 99)
- children being taken on excursions (Regulation 102)
- transport provided or arranged by the service (Regulation 102D)
- seeking medical treatment for children and transportation by an ambulance service (Regulation 161).

Specific service policies (including the Administration of Medication Policy, Delivery and Collection of Children Policy, Enrolment and Orientation Policy and Excursions and Service Events Policy) should include details of the conditions under which written authorisations will be accepted. However, there may be instances when a service refuses to accept a written authorisation. The Education and Care Services National Regulations 2011 (Regulation 168(2) (m)) specify that services are required to develop a policy in relation to the acceptance and refusal of authorisations to help educators/staff and parents/guardians understand exactly what they need to do.

This policy outlines procedures to be followed when refusing a written authorisation from a parent/guardian or person authorised and named in the enrolment record. As an example, the National Law does not specify the minimum age of a person who is authorised to collect a child from the service premises. After consulting with parents/guardians and families, the approved provider may adopt a policy position accepting authorisations for persons over the age of 16 to collect a child from the service. This decision will then be outlined in the service's Delivery and Collection of Children Policy. In the event that the service receives written authorisation for a person under the age specified in its Delivery and Collection of Children Policy, to collect a child from the service, the procedures outlined within this policy for refusing this written authorisation would be enacted.

- Education and Care Services National Regulations 2011
